

SUMMER SCHOOL

SEQUENCING INFORMATICS & GENOME ASSEMBLY

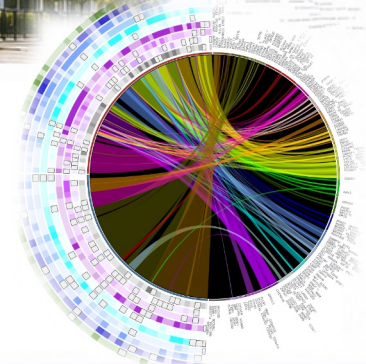

19 – 24 JULY 2026

UNIVERSITÉ DE TECHNOLOGIE
DE COMPIEGNE

In-depth hands-on training from
sequencing to fully annotated
genome assembly

- **Sequencing** | Latest advances in sequencing technologies
- **Assembly algorithms** | De Bruijn and OLC graphs for genome assemblies
- **Quality Control** | Data QC and pre-processing
- **Assembly** | Best practices for short-read, long-reads, and hybrid assembly strategies
- **Hands-on sessions** | from library prep to assembly and annotation

COURSE DIRECTOR

Prof Fady Mohareb
Professor of Bioinformatics
and Artificial Intelligence

REGISTRATION FEES

1300 €

ALL-INCLUSIVE PACKAGE

- ✓ ON-SITE ACCOMMODATION
- ✓ TRANSPORTATION
- ✓ CULTURAL VISIT
- ✓ ON-SITE CATERING
